WHAT IS GREY POWER

Grey Power is an advocacy organisation promoting the welfare and well-being of all those citizens in the 50 plus age group. Grey Power is the voice for this age group and will have an even bigger influence in the coming years as the 'Baby Boomers' move into retirement.

Today there are about 70,000 financial members that stem from more than 76 Associations that are spread throughout the country. Each Grey Power is independently managed.

Content covers everything from local groups and activities, seminars, services, health information and general informative information for the elderly.
